## JT Multona Regular pt. 12, English

Everybody wants to be a cat,  
 Because a cat's the only cat  
 Who knows where it's at.  
 Tell me everybody's pickin' up  
 on that feline beat,  
 'cause everything else is obsolete.  
 A square with a horn,  
 Makes you wish you weren't born,  
 Ever'time he plays.

But with a square in the act,  
 You can set music back  
 To the caveman days.  
 I've heard some corny birds  
 who tried to sing,  
 But a cat's the only cat  
 Who knows how to swing.  
 Who wants to dig  
 A long-haired gig

Tout le monde veut devenir un cat  
 Parce qu'un chat quand il est cat  
 Retourne sur ses pattes

Alla snubbar vill ju vara katt  
 För att en katt är alltid katt  
 Ja katt för sin hatt  
 Sig mig  
 Alla snubbar tänder ju på  
 en rivig lät  
 Men bara en katt förstår sig på't  
 - Håll igång, sjung en blues  
 Ett sånt corny spel

Gör att allting blir fel  
 Varje ton han tar.  
 Och med ett fyrkantigt spel  
 Så blir man direkt en del  
 Utav stenåldern, (sa sa sa sa olé)  
 Jag hörde just en trast som  
 lät helt ding  
 Men bara katter kan det där som  
 kallas för swing

Sunny, yesterday my life was filled with rain.  
Sunny, you smiled at me and really eased the pain.  
The dark days are gone, and the bright days are here,  
My Sunny one shines so sincere.  
Sunny one so true, I love you.  
Sunny, thank you for the sunshine bouquet.  
Sunny, thank you for the love you brought my way.  
You gave to me your all and all.  
Now I feel ten feet tall.  
Sunny one so true, I love you.

Sunny, thank you for the truth you let me see.  
Sunny, thank you for the facts from A to C.  
My life was torn like a wind-blown sand,  
And the rock was formed when you held my hand.  
Sunny one so true, I love you.  
Sunny, thank you for the smile upon your face.  
Sunny, thank you for the gleam that shows its grace.  
You're my spark of nature's fire,  
You're my sweet complete desire.

#### Files Formats

Desktop: OTF, TTF  
Web: WOFF, WOFF2  
App: OTF  
Variable font: OTF, TTF, OFF, WOFF2

#### Licensing

July Type offers diverse licenses to accommodate various usage scenarios. Here are short descriptions for each type:

##### Desktop/Print License

For creating printed and digital assets for a single brand, the Desktop/Print License enables the use of typeface software across documents, books, merchandise, signage, and more.

##### Web License

Utilize the typeface software for website creation, employing WOFF and WOFF2 formats via the @font-face CSS method for a single web domain.

##### App License

To embed the typeface software into mobile apps, web apps, games, and digital POS systems, including regional variants and platform-specific versions.

#### Video/Social Media License

For creating content for platforms like YouTube, Netflix, television, commercials, and digital billboards, along with design assets for a single brand's social media platforms like Instagram, Snapchat, Facebook and TikTok.  
Note that if your company size is less than 3 people, this license is free in combination with your web license. Please select the other license type too for it to be eligible.

#### Logo/Watermark License

For creating a logo or wordmark for a single brand, usable across print, social media, video content, and more.

#### Unlimited License

Covering all media types without constraints on company size, the Unlimited License allows use across desktop/print, logo/wordmark, social media, web, app/game, and video. For inquiries, contact us at [info@julytype.com](mailto:info@julytype.com)

#### For students

At July Type, we understand the financial constraints students often face. As a gesture of support, we offer a substantial discount on our licenses, providing students with full access at a reduced rate of 80%! If you encounter any verification challenges on our website, please contact us at [info@julytype.com](mailto:info@julytype.com) with your proof of enrollment for assistance.

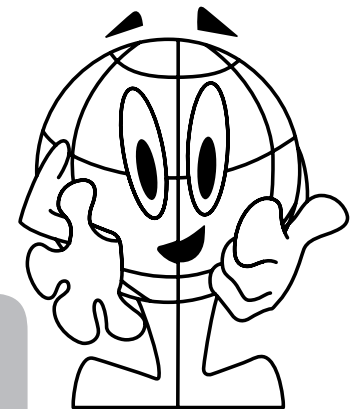

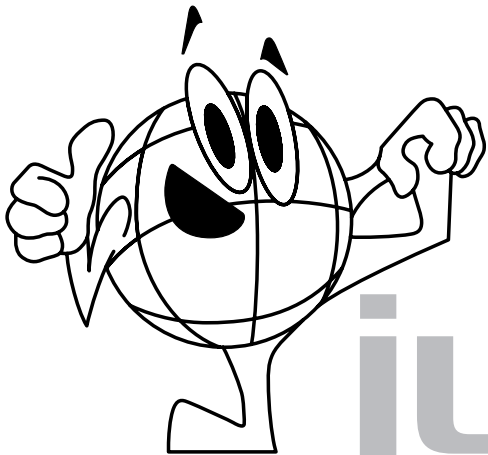

#### About

July Type is a type design studio founded by Edward Dżulaj in 2023 in The Hague. The Studio specializes in providing users with high-quality retail and custom typefaces, combining historical knowledge with contemporary letter design craft for a global audience. Language support is paramount to us, and we devote significant attention to ensuring our fonts are accessible and usable across a diverse range of languages.
